Rule Title: Bill Plans

Bill Plan eligibility at new business is determined by the type of policy and the insured's Bill Plan Score. The following attributes are used to calculate Bill Plan Score: Prior Insurance, Prior Insurance Limits, Single Car vs. Multi-car, age of the Primary Named Insured, homeownership of the Primary Named Insured, Prior Insurance Activity group, Full Coverage, Mobile Device Type, Mobile Phone Campaign, Multi-Policy, Repeat Customer Non-Pay Cancel Counts, Repeat Customer Non-Pay Reinstatement Counts, Repeat Customer NSF Fee Counts and Repeat Customer Late Fee Counts. The range for potential Bill Plan Scores is 0 to 999.

Standard Policies		
Downpay	# Remaining Payments	Required Score
7.41%	5	0-94
16.67%	5	0-125
20%	4	0-233
25%	5	0-459
27.5%	4	0-459
40%	2	0-999
60%	4	0-999
100%	0	0-999

Basic Policies		
Downpay	# Remaining Payments	Required Score
40%	2	0-999
60%	4	0-999
100%	0	0-999

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: B02

Rule Title: Installment Fee

For policies on installment plans, a fee will be charged on all billed installments after the new business down payment, including billed renewal down payments. Installment fees are charged in addition to premium. Fees vary by the type of payment plan (EFT (Rule P29), Automatic Card (Rule P83), or Direct Invoice "paper" payments), Tenure with the Company (Rule P79), and by Prior Insurance Classification (Rule P15).

		Type of Payment		
Prior Insurance	Tenure with Company	Direct Invoice	EFT	Automatic Card
C	Less than 60 months	\$6	\$3	\$6
C	60 months or more	\$5	\$1	\$5
A or B	Less than 60 months	\$5	\$1	\$5
A or B	60 months or more	\$5	\$1	\$5

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: B03

Rule Title: NSF Fee

The fee for a payment not honored by the payer's financial institution for any reason (including without limitation checks that are refused for non-sufficient funds, checks on which payment has been stopped, and attempted electronic funds collections that are refused by the financial institution) is \$15.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: B04

Rule Title: Late Fee Charges

A fee of \$10 will be charged on the second and subsequent late installment payments of each policy term.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: B05

Rule Title: Renewal Payments

If the renewal payment is postmarked (mailed payments) or transacted (phone or internet payments) on or before the later of the renewal payment due date or the renewal effective date, the renewal term will be put in force with no lapse in coverage.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D01

Rule Title: Driver Definitions

The term "eligible-to-be-rated driver" refers to household residents of legal driving age and drivers of covered autos listed on the policy other than those:

- A. Designated as list only; or
- B. Drivers with learner's permits as specified in Rule D02.

Under certain circumstances, the applicant may designate specific household members as "list only" drivers so that their violation and accident histories do not affect premium.

For the Company to accept a request to designate a driver as list only, the driver must meet at least one of the following criteria:

- is deployed by the military in a location outside any state, territory, or possession of the United States of America
- is disabled and does not drive
- has other auto insurance
- has never been licensed or surrendered license and does not drive

The term "rated driver" refers to driver(s) used to develop the Household Factor, as defined in the rate order of calculation.

For existing policies in which a driver was previously designated as "out of country", "permanently revoked, suspended or surrendered license and does not drive" or "incarcerated", the driver will retain this designation until the driver is either removed from the policy or the definition of that driver is changed. For existing policies in which a driver was previously designated as under 21 and never licensed, the driver will retain this designation until the driver reaches the age of 21, is removed from the policy or the definition of that driver is changed.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D02

Rule Title: Permit Rating

Drivers with a learner's permit who are single, under the age of 19, and a child of the primary named insured will not be included in the rating of the policy. The permit driver will become an eligible-to-be-rated driver when the company is notified by the named insured, or a third party vendor, that the permit driver has obtained their full license. Where third party notification of licensing is not available, permit drivers will be classified as eligible-to-be-rated at the first renewal of the policy after the permit driver becomes of legal licensing age. Unless reported by the named insured, we will notify the customer of the change in license status, providing them an opportunity to revert to the non-rated status if the driver continues to hold a learner's permit.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D03

Rule Title: Driver Classification

Driver Age refers to the age in years attained at the driver's last birthday before being included on the policy. If a driver is aged 24 or younger and has a birth date within 30 days after being included on the policy, use the higher age and their number of months since last birthday will be treated as zero. For all other drivers, we will compute the actual number of months between the inception of the policy term and their last birthday.

At new business, each driver will be assigned a months licensed value range based on the number of months the driver has been licensed. Valid ranges to choose from are included in the list below.

36 months or greater
31 - 35 months
25 - 30 months
19 - 24 months
13 - 18 months
7 - 12 months
0 - 6 months

At each renewal, the number of months the driver has been licensed will increment according to term. For a 6 month policy the months licensed field will age by 6 months and for a 12 month policy the months licensed field will age by 12 months. This will occur until the driver has reached the value of 36 months or greater.

For the Driver Definitions of "Under 21 Never Licensed" and "Has Never Been Licensed or Surrendered License and Does not Drive" (Rule D01 the months licensed value is set to 0 - 6 months and will not increment. For drivers with a Permit License (Rule D02), the months licensed value is set to 0 - 6 months and will not increment until the driver's status is changed.

Marital status is defined as follows:

Single - A driver who is not married, as defined below.

Married - A driver who is legally married or who is deemed married or in a civil union pursuant to this state's laws, but not including a driver who is legally separated. (The inability of married persons or persons in a civil union to live together because of career obligations or military service does not deny them the married classification.) The term spouse refers to the other member in a marriage, deemed marriage, or civil union.

Widow/Widower – A driver who was legally married, but whose spouse is deceased. Widowed operators are rated as single. However, if a married driver becomes widowed during a Company policy term, the driver will be rated as married for the balance of that term and all subsequent renewal policy terms.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D04

Rule Title: Driving Record Classification

Chargeable Period for Points Assignment- The Chargeable Period for Points Assignment is the 36-month period prior to current policy term inception.

Accident and Violation Evaluation Period- The Accident and Violation Evaluation Period is the 60-month period prior to current policy term inception.

Occurrence Date- The Occurrence Date is used to determine if the accident took place within the Accident and Violation Evaluation Period. If the date is not furnished on the application, the Occurrence Date will be deemed to be the day before the inception date of the policy, unless the Company obtains another date from a consumer report (which it has no duty to obtain).

Conviction Date - The Conviction Date is used to determine if the violation took place within the Accident and Violation Evaluation Period. If the date is not furnished on the application, the Conviction Date will be deemed to be the day before the inception date of the policy, unless the Company obtains another date from a consumer report (which it has no duty to obtain).

Motor Vehicle Report (MVR)/Court Data/Claims Loss History Report Reconciliations- Accidents and violations listed on the application will be reconciled with similar accidents and violations obtained from a consumer report to avoid duplication. When reconciliation occurs, the accidents will be assigned the date of occurrence listed on the consumer report. When reconciliation occurs, violations will be assigned the date of conviction listed on the consumer report. If reconciliation does not occur, accidents and violations listed on the application and/or the consumer report will be considered separate violations.

Same Day Offenses - If an occurrence results in multiple violations or accidents that are assigned to the same driver, the driving record points for that occurrence will be based on the violation or accident with the highest Bodily Injury point charge. In the event that the same day offenses have the same Bodily Injury point charge, the offense occurring first alphabetically will be assigned the Bodily Injury point charge. If an accident and violation occur together, we will use the Offense date for both the violation and the accident date.

Source of Points - Accidents or violations occurring while a driver is operating a private passenger auto, commercial vehicle, motorcycle, or recreational vehicle will be charged. Points for accidents and violations are charged per accident occurrence or per violation conviction date at the violation class level.

Non-Progressive Accidents, Claims and Violations - Accidents, claims or violations that occurred prior to the driver becoming insured with the Company on the current policy.

Progressive Accidents, Claims and Violations - Accidents, claims or violations that occurred after becoming insured with the Company on the current policy. If the current policy was rewritten with the Company with rewrite reason code O or C (Rule P76), accidents, claims or violations occurring on previously consecutive policies with the Company will be considered Progressive accidents or violations.

Omitted incidents - Occurrences of AAF, MAJ, MIN, SPD, DWI, or NAF class codes for any eligible-to-be-rated driver that:

1. Occurred before the driver was included on the policy;
2. Occurred during the Chargeable Period for Points Assignment (Rule D04); and
3. Are discovered on a consumer report but not disclosed by the applicant or by an insured.

When an unlisted driver is discovered by the Company and added to the policy, prior occurrences for that driver discovered on a consumer report will be considered undisclosed omitted incidents and counted.

Chargeable Incidents:

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

- A. New Business and Newly Added Drivers - Accidents noted on the MVR, from court data, or on the application will be deemed to be chargeable unless proof is received to verify that the insured was not-at-fault. Accidents noted on the claims loss history report will be deemed to be chargeable if payments were made under Liability or Collision coverages. However, if any Collision only claim has been closed without payment, or if amounts paid under Collision only claims have been subrogated, those accidents will be deemed to be not-at-fault. Accidents involving hitting another vehicle or object as a result of swerving to avoid an animal are a chargeable incident.

Accidents which are not considered to be a chargeable incident include, but are not limited to the following:

1. The accident was caused by collision with a bird or animal;
 2. The automobile was lawfully parked;
 3. The automobile was struck in the rear by another vehicle and the driver of the automobile which was struck in the rear was not convicted of a moving violation in connection with the accident;
 4. The automobile was struck by a "hit-and-run" driver and the accident was reported to the proper authorities within 24 hours;
 5. The driver of the automobile was not convicted of a moving traffic violation in connection with the accident, but the driver of another vehicle involved in the accident was convicted of a moving traffic violation; or
 6. The driver was at-fault, but the accident is not chargeable under applicable state laws and regulations or other Company procedures.
- B. Renewal Business - Accidents reported to the Company will be deemed as a chargeable incident if we determine our insured is at least 51% liable for the accident. Accidents reported for a driver not listed on the policy will be classified as permissive use. Newly discovered accidents noted only on an MVR or from court data when obtained at renewal will be deemed non-chargeable. A newly discovered accident noted on the claims loss history report when obtained at renewal will be added only if the accident occurred prior to the driver being specified as having coverage under the policy and the driver was at-fault.

Emergency Vehicle Operation – - If the Company is notified of the circumstances of an accident by the applicant or insured, accidents occurring while a driver is operating an emergency vehicle (including, without limitation, an ambulance, police car, EMS vehicle, or fire department vehicle) in the line of duty will not be considered as part of the driving record.

Mid-term Driving History Re-evaluation - At the named insured's request during a policy term, the Company will re-evaluate the driving history of all drivers on the policy by removing points associated with accidents and violations that occurred more than 36 months prior to the date of re-evaluation if none of the drivers have had new accidents or violations since the premium for that policy term was determined. The policy premium shall be adjusted accordingly, as of the date of the named insured's request, based on the revised point total.

Clean Driver Classification - Drivers with zero BI/PD points are classified as "Clean" drivers.

Clean at Inception - To be considered Clean at Inception, there must be no claims or violations during the Accident and Violation Evaluation Period and zero BI/PD points for all eligible-to-be-rated drivers (Rule D01) at new business policy inception or, for existing policies, at the first renewal in which the Clean at Inception variable applies to the policy. For these existing policies, accidents, claims and violations that were removed from the driving record because they were between the Chargeable Period for Points Assignment and the Accident and Violation Evaluation Period will not be considered. For purposes of this rule, Not-at-fault Accidents (NAF) and Comprehensive claims that are not permitted for use in rating will not be included in the Clean at Inception determination.

Refer to the rate factor pages for the violation code to violation class assignment.

Private Passenger Auto Program**

Rule: D05

Rule Title: Unverifiable Driving Record and Foreign Driver's License

Unverifiable Driving Record - When the Company attempts to obtain a driving record from the state's Bureau of Motor Vehicles that issued the license or a similar agency and the record is not provided, we will assess that driver the number of points indicated in the violation points table in the rates filing. The date assigned to the violation is the day before the date the driver is included on the policy term. The points will be removed when the Company receives a valid driving record, either from the driver or in accordance with its normal driving record ordering practices. Upon receipt of a driving record, any points associated with violations/accidents that are disclosed on the driving record will be added.

Drivers 18 years of age and younger will not be charged Unverifiable Driving Record points.

Foreign Driver's License - Any driver who does not have a valid U.S. or Canadian license issued from the province of New Brunswick but has a valid foreign license, international driver's license, or Canadian license from any other province will be assessed the number of points indicated in the Violation Points table in the rates filing. The date assigned to the points will be the day before the driver is included on the policy term.

Those points are deleted at the first renewal after a valid U.S. license has been obtained, maintained for 12 months, and reported to the Company. In addition, a driver who would be assessed such points and who (a) has never been issued a U.S. license, and (b) has driven out of the country because of U.S. military duty will not have the points assessed if such driver presents the Company with a motor vehicle report that is issued in English by a foreign governmental agency within the past 30 days.

For drivers with an Unverifiable Driving Record or Foreign Driver's license, the number of years licensed does not begin to increment until the first time the driver's age increments after the Company receives a valid driving record.

Rule: D10

Rule Title: Distant Student Discount

A distant student is defined as an eligible-to-be-rated driver other than the primary named insured or spouse who is under the age of 23, resides away from home, and is a full-time student enrolled at an educational institution located where the student resides.

To qualify for the Distant Student Discount, the following conditions must be met:

- A. The student may not have regular access to a covered vehicle while at school; and
- B. The school must be more than 100 miles away from the garaging zip code of the covered vehicle on the policy that is nearest to the student's residence at school.

Refer to Youthful Driver Factor (Rule D15) for discount application.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D11

Rule Title: Teen Driver Discount

A teen driver is defined as a single, eligible-to-be-rated driver who is under the age of 19 and a child of the primary named insured.

To qualify for the Teen Driver Discount, the policy must qualify for Gold, Platinum 1, Platinum 2, or Diamond level Continuous Insurance Discount (Rule P34).

For existing customers who meet the introductory criteria described above and were not previously receiving the Minor Child Discount, Rate Stability (Rule P23) will not neutralize its initial effect.

Refer to Youthful Driver Factor (Rule D15) for discount application.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D12

Rule Title: Good Student Discount

A good student is defined as an eligible-to-be-rated driver other than the primary named insured or spouse who is under the age of 23, a full-time student, and in good academic standing.

To qualify for the Good Student Discount, at least one of the following conditions must be met:

1. Must be ranked in the upper 20th percentile;
2. Must maintain an overall grade average of at least a B;
3. Must maintain a GPA of at least 3.0;
4. Must maintain scholastic achievement of Dean's List, Honor Roll or comparable listing; or
5. Must test in the upper 20th percentile in one of the following standardized tests; PSAT, PACT, SAT, ACT, IA test, CA achievement, or TAP.

Proof of the student's academic standing may be required and the discount will be removed if requested proof is not received.

Refer to Youthful Driver Factor (Rule D15) for discount application.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D14

Rule Title: Experienced Driver Factor

The number of years each eligible to be rated driver has held a valid drivers license is considered in rating.

Please refer to the rate factor pages for factors.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D15

Rule Title: Youthful Driver Classification

A Youthful Driver Factor is based on qualification for the following:

1. Distant Student Discount (Rule D10);
2. Teen Driver Discount (Rule D11); or
3. Good Student Discount (Rule D12).

Each qualifying driver will receive a driver add date classification based upon the date the driver was added to the policy relative to the new business effective date of the policy:

I = driver is included on the policy at new business or added to the policy within 360 days of the new business effective date.

R = driver is added to the policy more than 360 days from the new business effective date.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D16

Rule Title: Driver's License Type Rating Factor

Beginning on the new effective date of PRGS-132780616, license type will be collected for each driver. License types are classified as follows:

License Type Code	Driver's License Type Classification
O	Operator - Personal Auto
B	Commercial Vehicle/Business (non-chauffeur)
C	Chauffeur
P	Permit
N	Not Licensed/State ID

Existing drivers that did not have license type previously collected will be assigned a license type classification based on the driver's license status at the first renewal on or after renewal effective date of filing PRGS-132780616.

- Drivers with an existing business/commercial license status will be classified as Commercial Vehicle/Business (non-chauffeur).
- Drivers with an existing permit license status will be classified as Permit.
- Drivers with an existing not licensed license status will be classified as Not Licensed/State ID.

Drivers with any other license status will be classified as Operator – Personal Auto.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D81

Rule Title: Defensive Driver Discount

An insured may receive a rate reduction for successful completion of a defensive driving course.

If the policy insures two or more automobiles, the rate reduction shall apply only to the automobile(s) assigned to the person who has completed the defensive driving course. Only one rate reduction may be applied to an automobile on the policy.

The rate reduction shall be applied for three years beginning with the next policy period after completion of the defensive driving course, as follows:

The rate reduction shall be applied if the driver completed the defensive driving course in the three year period immediately preceding the new business or renewal effective date of the policy.

The rate reduction shall not be applied during the three-year period beginning with the completion of the defensive driving course and ending with the new business or renewal effective date of the policy, if the driver who completed the defensive driving course accumulates four or more motor vehicle points or has his or her drivers license suspended for one of the reasons listed in N.J.A.C. 11:3-35.4(e)1.

The rate reduction shall be applied or removed at new business inception or upon renewal of the policy, not mid-term.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: D84

Rule Title: Named Driver Physical Damage Exclusions

Named excluded driver:

A "named excluded driver" means a driver who is specifically identified in the endorsement as a person who is excluded from physical damage coverage for specified automobile(s) and whose operation of a specified automobile(s) covered under the policy at the time of an accident would result in the denial of a physical damage claim for that automobile(s) made by the named insured or any loss payee. For the purpose of this section, physical damage coverage means collision, comprehensive and loan coverages, or comprehensive coverage if purchased on a stand-alone basis.

The premium charged for the physical damage coverage on the specified automobile(s) to which the named excluded driver endorsement applies shall not reflect the claim experience or driving record or rating classification of the named excluded driver or drivers.

Election of a named excluded driver endorsement shall be in writing and signed by a named insured. The named excluded driver endorsement shall continue in form for the specified automobile(s) on subsequent renewal or replacement policies unless:

- The specified automobile(s) is removed from the policy;
- A new automobile replaces the specified automobile(s) on the policy; or
- The insurer or its authorized representative receives a written request signed by a named insured electing to discontinue the endorsement.

The request to exclude or reinstate a named driver shall become effective in the following manner.

For new policies, the request shall become effective on the date of issuance;

For mid-term policy changes, the request shall be effective the day following the date of postmark or, when personal delivery is made or if the postmark is illegible, the day following the receipt by the insurer or insurance producer of the signed Request To Exclude Named Driver form or request to reinstate the excluded driver;

For changes upon renewal, the changes shall be effective on the date of the next policy renewal if postmarked or received by the insurer or by an insurance producer prior to the renewal date.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P01

Rule Title: Liability Increased Limits

Bodily Injury and Property Damage liability limits are required to be equal to or higher than the highest minimum financial responsibility limits required by law in any state in which a vehicle is garaged for more than two months out of the year. All vehicles on the policy with Liability Coverage must carry the same limits.

Refer to the rate factor pages for available limits (expressed in \$000's) and associated factors.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P02

Rule Title: UM/UIM BI Limits

The chosen Uninsured/Underinsured Motorist Bodily Injury (UM/UIM) limit applies to all vehicles with liability coverage.

UM/UIM limits cannot exceed the limits chosen for Bodily Injury Liability.

UM/UIM combined single limits are available only when Bodily Injury Liability combined single limits have been selected.

Refer to the rate factor pages for available limits (expressed in \$000's) and associated factors.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P03

Rule Title: UM/UIM PD Limits

The chosen Uninsured/Underinsured Motorist Property Damage (UMPD) limit applies to all vehicles with liability coverage.

UMPD cannot be purchased without Uninsured/Underinsured Motorist Bodily Injury coverage.

UMPD is available for any vehicle without Collision coverage.

UMPD limits cannot exceed those chosen for Property Damage coverage.

Refer to the rate factor pages for available limits (expressed in \$000's) and associated factors.

Rule: P04

Rule Title: Reserved for Future Use

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P05

Rule Title: PIP Limits

Personal Injury Protection Coverage is required on all policies. Chosen limits must be identical for all cars on a multi-car policy.

Refer to the rates factor pages for available limits and associated factors.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P06

Rule Title: Comprehensive and Collision Coverages

Collision coverage may not be purchased without Comprehensive coverage.

Comprehensive and Collision coverage must be purchased in combination with Liability.

For the Company to accept a policy with Comprehensive coverage only on all vehicles, the named insured and all drivers must be deployed by the military in a location outside any state, territory, or possession of the United States of America.

Refer to the rate factor pages for available deductibles and associated factors.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P07

Rule Title: Named Non-owner Coverage

Named Non-owner Coverage is available for individuals who do not own an auto. Coverage under the policy is limited by the filed Named Non-owner Coverage Endorsement. Comprehensive and collision coverage are not available.

Named Non-owner Coverage is not available if the insured operates a vehicle used for business use.

Named Non-owner Coverage is rated with vehicle make symbol, model symbol, and style symbol 66 and is not subject to luxury vehicle classification.

Named non-owner coverage is not available at the time of new policy purchase but is available to existing customers who choose to endorse all vehicles off of the policy.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P11

Rule Title: Reinstatement After Cancellation for Non-payment

If a policy has been canceled for nonpayment of premium, eligible policies may be offered the option to reinstate. If the named insured on an eligible policy chooses to reinstate the cancelled policy in lieu of purchasing a new policy, the named insured must provide a written or recorded statement representing that for the time period between the effective date and time of cancellation and the date and time on which reinstatement is requested no motor vehicle accident involving a household member, accident involving a listed vehicle, or damage to a listed vehicle has occurred. No coverage shall be provided for such accidents or damage if the policy is reinstated.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P12

Rule Title: Treatment of Total Loss Vehicles

The policy will not automatically cancel if a vehicle on the policy is settled as a total loss.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P13

Rule Title: Hardship Accommodation

If the Company has determined that a hardship has occurred and that the hardship will;

- A. prevent a named insured from obtaining a benefit under the Company's Rules, or
- B. result in the named insured suffering an adverse consequence in accordance with the Company's Rules;

The Company may choose to extend such benefit to, or not impose the adverse consequence on, the policyholder.

The term "hardship" may include, but is not limited to, situations that involve:

1. Substantial physical loss to the residence of the named insured (e.g., loss caused by fire)
2. Death or serious illness within the named insured's immediate family
3. Military obligations
4. Bank error or other third party error not contributed to by the named insured

A hardship accommodation must be requested by or on behalf of the named insured. Only current or recent named insureds are eligible.

Notwithstanding anything contained in this Rule, this Rule shall never operate to cover a claim under an insurance policy issued by the Company.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P15

Rule Title: Prior Insurance Classification

For newly written policies, prior Insurance Classification refers to the number of days the primary named insured or spouse was without private passenger auto liability insurance during the six months immediately preceding the inception of the Company policy. Only classifications of A and B will be considered to have prior insurance.

If the Prior Insurance Classification differs between the primary named insured and spouse, the Company will use the more favorable of the two.

The classifications are as follows:

Number of days without insurance	Classification	Prior Insurance
0	A	Y
1-31	B	Y
no prior insurance or > 31 days without	C	N

Refer to Progressive as Proof of Prior (Rule P16) and Compliant without Insurance (Rule P17) for Prior Insurance Classification exceptions.

Renewal policies retain the Prior Insurance Classification from the preceding term.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule: P16

Rule Title: Progressive as Proof of Prior Insurance

At new business (i.e., first policy term), a prior private passenger automobile liability insurance policy from the Company or an insurer that is affiliated with the Company receives the prior insurance treatment defined in Rule P15, provided that:

1. The previous policy was in force for at least 6 months; and
2. The number of days canceled or lapsed between the previous policy and the newly written policy is 31 days or less.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P17

Rule Title: Compliant Without Insurance

In the event that there has been a lapse in coverage during the six months immediately preceding the inception of the Company policy, a Named Insured or spouse who meets the following criteria will be considered to have prior insurance with 0 days lapse in coverage:

- The sole cause of the lapse was a United States military deployment to a location where insurance was not required.

However, a Named Insured or spouse that was not required to have insurance must take reasonable steps to obtain insurance within 15 days following the expiration of such reason.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P18

Rule Title: Accident Surcharge Waiver

Under Accident Surcharge Waiver, the Company will not charge for a Chargeable Incident at renewal if the policy meets the following conditions:

- A. The named insured or spouse has been insured by the Company for at least 60 months prior to the renewal effective date;
- B. None of the eligible-to-be-rated drivers have any occurrences of AAF, MAJ, MIN, SPD, DWI, or NAF class codes during the Chargeable Period for Points Assignment (Rule D04) prior to the date the accident being waived is first applied;
- C. There are no PUA or PUN violation codes on the policy during the Chargeable Period for Points Assignment (Rule D04) prior to the date the accident being waived is first applied; and
- D. The Chargeable Incident claim was reported to the Company.
- E. No driver on the policy has an occurrence of an ASW violation code during the Chargeable Period for Points Assignment (Rule D04).

For policies rewritten by the Company with a rewrite reason code of O (Rule P76) that were receiving the Accident Surcharge Waiver on the most recent previous Company policy, the Accident Surcharge Waiver will be retained on the newly rewritten Company policy.

Claims previously added to a policy are subject to the accident surcharge waiving criteria in effect and filed at that time.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P19

Rule Title: Low Payout Claim Forgiveness

The Company will not increase premium based on any low-payout claim that occurs while the driver is continuously insured with the Company. A low-payout claim is one where the Company's loss payout from all coverages on a claim is equal to or less than \$500 (less all applicable deductibles), or any Not-at-fault claim subject to subrogation.

There is no limit to the number of low-payout claims that will be subject to this rule.

Claims previously added to a policy are subject to the low-payout waiving criteria in effect and filed at that time.

Whether the \$500 threshold has been met will be determined by the Company through its claims adjusting process. The monetary amount of a claim payout will not be reduced by subrogation recoveries made by the Company.

Any associated violations related to the low-payout claim will be used to determine the rate.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P20

Rule Title: Financial Responsibility

A. Rules of Ordering

Credit is ordered only on the Standard Policy option.

Credit is ordered on the primary named insured (PNI) if “eligible”.

If the PNI is not eligible, or the credit order on the PNI driver results in a no-hit or thin file, then credit is ordered on an eligible spouse, if any.

A PNI/spouse is “eligible” if at least 19 years of age and is an eligible to be rated driver (rule D01).

Notwithstanding the foregoing, if credit was previously ordered on the PNI or spouse for a company within the Progressive Group of Companies, it may be used in lieu of a new credit order on either the PNI or spouse, for a period not to exceed 90 days from the date it was ordered.

If after executing the provisions of this Rule the Company obtains a no hit or a thin file on the PNI or spouse, if applicable, or if the credit report vendor's system is down, then the Company will attempt to obtain a credit report in accordance with the provisions of this Rule from a secondary credit report vendor.

B. Hierarchy of Use

If credit is ordered on the PNI and a credit report that is not a thin file is obtained, then information from that credit report is used to determine the Financial Responsibility Group.

If credit is ordered on a spouse and a credit report that is not a thin file is obtained, then information from that credit report is used to determine the Financial Responsibility Group.

C. Special Rules

1. If the PNI is not at least 19 years old and:
 - a. either there is no spouse or, if there is a spouse, the spouse is not eligible to have credit ordered, then the Financial Responsibility Group is classified as “PNI/Spouse Youthful”; or
 - b. the spouse's credit order is a no hit or thin file, then the spouse's credit order status as no hit or thin file, and the spouse's age, are used to determine the Financial Responsibility Group.
2. If the PNI is not eligible to be rated (rule D01) and:
 - a. either there is no spouse or, if there is a spouse, the spouse is not eligible to be rated (rule D01), then the Financial Responsibility Group is classified as “PNI/Spouse not E.T.B.R.”; or
 - b. the spouse's credit order is a no hit or thin file, then the spouse's credit order status as no hit or thin file, and the spouse's age, are used to determine the Financial Responsibility Group; or
 - c. the spouse is not at least 19 years old, then the Financial Responsibility Group is considered “PNI /Spouse not E.T.B.R.”.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule Title: Financial Responsibility (continued)

3. If the PNI's credit order is a no hit and:
 - a. there is no spouse or, if there is a spouse, the spouse is not at least 19 years old or the spouse is not eligible to be rated (rule D01), then the PNI's credit order status as no hit, and the PNI's age, are used to determine the Financial Responsibility Group; or
 - b. the spouse's credit order is thin file, then the spouse's credit order status as thin file, and the spouse's age, are used to determine the Financial Responsibility Group; or
 - c. the spouse's credit order is a no hit, then the PNI's credit order status as no hit, and the PNI's age, are used to determine the Financial Responsibility Group.
4. If the PNI's credit order is a thin file and:
 - a. there is no spouse or, if there is a spouse, the spouse is not at least 19 years old or the spouse is not eligible to be rated (rule D01), then the PNI's credit order status as thin file, and the PNI's age, are used to determine the Financial Responsibility Group; or
 - b. the spouse's credit order is a no hit or thin file, then the PNI's credit order status as thin file, and the PNI's age, are used to determine the Financial Responsibility Group.

D. Proprietary Credit Score

The Company's proprietary credit score, used to determine the Financial Responsibility Group except when Special Rules apply, is calculated by applying information from the applicable credit report to the following criteria:

1. Satisfactory Trade Count - the number of trade lines that are open and have a satisfactory current payment status.
2. Open High Credit Ratio - the percentage of credit that is outstanding on open trade lines.
3. Trade Age - the length of time since the consumer's reported trade lines were opened adjusted for the consumer's age. The following trade lines are excluded from being used to determine trade age.
 - all trade lines that appear on the credit report as being in collection; and
 - all trade lines opened before the age of 16
4. Reported Auto Trades - the number and timing of reported auto trade lines.
5. Collection Count - the number of collections.
6. Delinquencies – the timing and severity of delinquent payments
7. Trade Counts – the number of open and closed accounts.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule Title: Financial Responsibility (continued)

Regarding (1) through (7) above - certain types of Trade lines and collection accounts are not eligible for scoring, such as, if the credit report identifies them as disputed or related to medical treatment.

8. The number and timing of inquiries, excluding:
 - Credit inquiries not initiated by the consumer (e.g., promotional or account review inquiries);
 - Inquiries requested by the consumer for his or her own credit information;
 - Inquiries relating to insurance coverage, if so identified on a consumer's credit report;
 - All but one lender inquiry, within an inquiry type grouping, when made within 30 days of one another. The inquiry type groupings are: (1) the home mortgage industry; (2) the automobile lending industry; and (3) those not from the home mortgage or automobile lending industries.

E. No-Hits and Thin Files

A No-Hit occurs on a person when, upon request, a credit vendor does not return a credit report on such person in response to the Company's standard request. No-Hits are classified into Financial Responsibility Groups based on the age of the named insured or spouse.

A Thin File is a credit report that does not contain one or more eligible trade lines, inquiries or collection accounts:

Thin Files are classified into Financial Responsibility Groups based on the age of the named insured or spouse.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule Title: Financial Responsibility (continued)

Trade lines and collection accounts are not considered if the credit report identifies them as:

- disputed
- credit card lost or stolen
- business/commercial accounts or loans
- authorized user accounts
- collection accounts relating to medical treatment

Furthermore, trade lines and collection accounts are not considered if the individual who is the subject of the trade line or collection account has been reported as deceased.

F. Financial Responsibility Group Determination - New and In Force Business

Score Breaks	
Financial Responsibility Score/Category	FR Group
0 – 73	A1

No-Hit [Ages 54 - 60]	X4
No-Hit [Ages 61+]	X5
PNI/Spouse Youthful	Y1

The FR Group is determined based on the insurance scoring methodology and the Financial Responsibility Group Table matrix in use at the time the FR Group is first determined or when it is re-determined in accordance with Rule P22. Accordingly, policies in force on the effective date of this rule will continue to have the FR Group previously assigned to them until their FR Group is re-determined in accordance with Rule P22. A description of the Company's previous scoring methodologies and matrixes can be found in previous filings.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P22

Rule Title: Financial Responsibility Group

- A. A Financial Responsibility Group is assigned based on the applicable credit score in accordance with Rule P20. Once the Financial Responsibility Group is determined, that group shall be used for subsequent renewal terms, unless a credit report is re-ordered and applied pursuant to Section B below.
- B. At the request of the named insured or his authorized agent, the Company shall re-order credit information, recalculate the insurance score, and evaluate the insurance score to determine if it would place the policy in a different Financial Responsibility Group (based on the BI/PD Financial Responsibility Group factor). If the new Financial Responsibility Group is a better group, the insured will be placed in that group. If the new Financial Responsibility Group is worse, the group will not change. The named insured or his authorized agent may not, however, make such a request more often than once in any 12 month period.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P23

Rule Title: Rate Stability

Rate changes that result from Company initiated changes to its rate plan, rather than customer-related changes to the "data profile" of the policy (e.g. speeding ticket), will be "stabilized", meaning they will generally not affect the customer's renewal premium. This stabilization is applied at the vehicle-coverage level by applying a Rate Stability factor. Please refer to the rates filing for the specific coverages to which the Rate Stability factor applies. Upon the effective date of PRGS-132780616, the Fixed Expense Fee will be stabilized.

On each anniversary of the policy, prior to applying changes in the customer's data profile, the Company compares a customer's stabilized rate to the rate the customer would pay under the rate plan if there was no Rate Stability (i.e. the unstabilized rate). If the stabilized and the unstabilized rates at the policy level are within 15%, the Company charges the stabilized rate, applying a Rate Stability factor computed to get to that rate when applied against the unstabilized rate. If the difference is greater than that, the Company moves the rate for those coverages toward the unstabilized rate by up to 5% if the policy level difference is 15-25%, and by up to 10% if it is 25% or more by modifying the rate stability factor.

Every 5th anniversary of the policy, prior to applying changes in the customer's data profile, the Company does a more extensive re-calibration when computing the rate stability factor. If the stabilized and unstabilized rates at the policy level are different, the Company moves the rate for those coverages to the unstabilized rate.

For policies renewing into Rate Stability for the first time, the most recent date at which the policy's Financial Responsibility Group was evaluated shall be used as the basis for determining anniversary dates.

There are other exceptions that the Company makes to the general rule of stabilizing the customer's rate for other than data profile changes. First, the Company may modify Rate Stability factors by applying rate level adjustment factors or monthly rate factors to in force business. Second, the Company may occasionally find that a segment of its renewal customers is incorrectly priced and make an adjustment to the rate stability factors by applying segment adjustment factors for those customers. Third, there are situations where the Company may wish to allow new rating features or changes to existing features to affect the renewal rates. A new discount might be an example. In those situations, the new rating feature will be fully applied to the in force policies that qualify. All of these exceptions will be specified in the Company's rule and rate filings for those features. If the Company introduces a new rate revision before a policy has renewed into a prior revision, any exceptions that would have been made in the prior revision will be carried forward and applied to the policy in the new revision through cumulative rate level and segment adjustment factors.

Data profile elements include driver data (e.g., age, marital status, driving record and license status, coverage history, consumer report information), selections made by the named insured (e.g., limits and deductibles, payment methods), vehicle data (e.g., garaging address changes), and driving data used in the Company's usage-based rating programs, when applicable. When, in accordance with our rules, the Company applies changes in the data profile, the Rate Stability feature continues to stabilize the customer's rate against other rate plan changes as described above.

A special result applies when vehicles and coverages are added via endorsement. In those cases, customers expect to see their rates change, so the Company turns off the Rate Stability feature completely to rate those vehicles and coverages, though Rate Stability is reactivated for subsequent changes and renewals.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P24

Rule Title: Multi-car Indicator

A multi-car indicator applies if there is more than one motor vehicle on the policy.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P25

Rule Title: Multi-policy Discount

A discount applies if a primary named insured or spouse has a second policy (excluding policies written under the provisions of any residual assigned risk plan or similar plan) from within the following policy groups:

- PH - Progressive labeled homeowner, condo or renters (excludes dwelling fire policies) personal residential policy.
- SL - Motorcycle, snowmobile, boat, travel trailer, motor home or mobile home written through the Progressive Group of Companies.
- OT - Umbrella or commercial auto insurance written through the Progressive Group of Companies.

Each of the policy groups will be classified based on when the policies were purchased relative to the personal auto policy:

- I - Prior to or during the initial term of the auto policy.
- R - During any renewal term of the auto policy.
- X - No policies have been purchased, or were still in force at renewal.

For existing customers who meet the introductory criteria described above, the discount will fully be applied.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P26

Rule Title: Homeowner Discount

A homeowner discount applies if the named insured or resident spouse's primary residence is a house or condominium owned by the named insured or resident spouse. The Company may take reasonable steps to verify this information.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P27

Rule Title: Mobile Home Discount

A mobile home discount applies if the named insured or resident spouse's primary residence is a mobile home owned by the named insured or resident spouse. The Company may take reasonable steps to verify this information.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P28

Rule Title: Paid in Full Discount

A policy is deemed to be Paid in Full (PIF) if the named insured chooses a 1-pay bill plan.

For any payment method (direct invoice, electronic funds transfer or automatic card payments), a Paid in Full discount is applied to the new business term or the renewal term if the named insured chooses a 1-pay bill plan. If a policy is changed mid-term from an installment bill plan to a 1-pay bill plan, the Paid in Full Discount will be applied at the next subsequent renewal term and any existing payment method discount (Electronic Funds Transfer Rule P29 or Automatic Card Payments Rule P83) on the policy will be maintained for the remainder of the current policy term. If a policy is changed from a 1-pay bill plan to an installment bill plan, the Paid in Full Discount will be removed as of the effective date of the change.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P29

Rule Title: Electronic Funds Transfer

"EFT" is defined as an Electronic Funds Transfer from the insured's checking account to the Company.

An EFT Discount is applied if the insured chooses an EFT payment method bill plan. If a policy is changed from a non-EFT bill plan to an EFT bill plan, the EFT Discount will be applied as of the effective date of the change. If a policy is changed from an EFT bill plan to a non-EFT multiple installment bill plan, the EFT Discount will be removed as of the effective date of the change.

The bill plan selected must be other than a 1-pay bill plan to receive the EFT discount.

For existing customers who meet the introductory discount criteria described above, Rate Stability (Rule P23) will not neutralize its initial effect.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P30

Rule Title: Paperless Discount

A Paperless discount will be applied at new business if the named insured agrees to receive policy documents electronically. For existing customers who meet the introductory criteria described above, the discount will fully be applied (i.e. Rate Stability (rule P23) will not neutralize its initial effect). If the insured endorses Paperless onto the policy mid-term, then the discount will be applied effective on the day the insured confirms his or her paperless preference. To be eligible, the insured must provide and maintain a valid internet mailing (email) address. If the insured requests to receive policy documents by conventional mail, the discount will be removed.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P31

Rule Title: E-signature Discount

An E-Signature discount applies if the named insured agrees, at time of sale, to electronically sign all necessary policy forms and completes the signature process. This discount will be applied for the duration of the first term of the policy only and will be treated as a data profile change as described in Rule P23. This discount will not be granted to customers purchasing a new policy within 31 days of being insured by the Company unless the policy was re-written with a rewrite reason code of "C" or "O" (Rule P76).

Eligibility:

- A. The insured must provide an internet mailing address through which the insured and the Company can exchange communications; and
- B. For purposes of electronic authentication, the insured must be able to answer sufficient questions to prove their identity to the Company.

Refer to the rate factor pages for the coverages to which this discount is applied.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P32

Rule Title: Online Quote Discount

Policies that originated from an Internet quote are granted the Online Quote Discount.

Secondary private passenger automobile insurance policies for named insured's with 5 or more vehicles (issued prior to our ability to accept more than 4 vehicles on a single policy) are given the same discount classification as the primary policy.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P33

Rule Title: Advance Shop Days

For purposes of determining the Advance Quote Factor, the Advance Shop Days are defined as the number of days between the date a customer initiates a quote with the Company and the policy effective date.

A policy in which the primary named insured (PNI) is single and not eligible-to-be-rated, the PNI is married and the PNI and spouse are both not eligible-to-be-rated, or the Prior Insurance Classification (Rule P15) is B or C will receive an Advance Quote Factor of 1.0 in the rate order of calculation.

Existing policies that incepted prior to 03/03/2017 that were not previously eligible for the Advance Quote Discount will be assigned an Advance Quote Factor of 1.0 in the rate order of calculation.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P34

Rule Title: Continuous Insurance Discount

New Business

In order to qualify for the Continuous Insurance Discount at new business, the policy must qualify for Prior Insurance Classification A or B (Rule P15). The length of time the primary named insured or spouse has been continuously covered under private passenger automobile liability insurance policies issued by the insurer immediately prior to the Company is used to determine the Continuous Insurance Discount At Current Policy Inception and the new business Continuous Insurance Discount level as shown in the table below:

Months of Continuous Insurance	Prior Carrier(s)	Continuous Insurance Discount At Current Policy Inception	Continuous Insurance Discount Level
60 or more	Company or affiliated Company	Diamond	Diamond Select
60 or more	Any prior carrier other than Company or affiliated Company	Platinum	Platinum 2 Select
36-59	Any prior carrier	Platinum	Platinum 1 Select
12-35	Any prior carrier	Gold	Gold Select
1-11	Any prior carrier	Silver	Silver Select

If the insurer prior to the current policy was the Company or its affiliate and the rewrite reason code for the policy (Rule P76) is other than O, the Company Tenure Prior to Current Policy (Rule P79) will be used for months of continuous insurance in the table above and applies for all Prior Insurance Classifications (Rule P15).

If the insurer prior to the current policy was the Company or its affiliate and the rewrite reason code for the policy (Rule P76) is O, the Company Tenure Prior to Current Policy (Rule P79) and the length of time the primary named insured or spouse was continuously covered under private passenger automobile liability insurance policies issued by the insurer immediately prior to the Company will be used for months of continuous insurance in the table above and applies for all Prior Insurance Classifications (Rule P15).

For existing policies that inceptioned prior to the availability of the Continuous Insurance Discount and have a Company Tenure Prior to Current Policy (Rule P79) of less than 60 months, the Continuous Insurance Discount At Current Policy Inception is assigned as follows:

1. For policies with a Prior Insurance classification of A or B (Rule P15), the value is set to Platinum.
2. For policies with a Prior Insurance classification of C (Rule P15), the value is set to Gold.

Renewal

A policy that did not qualify for a Continuous Insurance Discount at new business will receive a Continuous Insurance Discount level when eligible at renewal. A policy with a Continuous Insurance Discount level will retain it until it is replaced by another discount level when the policy is eligible at renewal.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule Title: Continuous Insurance Discount (continued)

Eligibility for an initial renewal discount level and for a renewal discount level replacing a previously received discount level is determined by Tenure with the Company (Rule P79) as shown in the table below:

Continuous Insurance Discount Level Previously Received	Tenure with the Company at Inception of Renewal Policy Term	Continuous Insurance Discount Level Policy Eligible to Receive at Renewal
Platinum 2 Select	60 months or more	Diamond Select
Platinum 1 Select, Platinum 1, Platinum	60 months or more	Diamond
Gold Select, Gold	36 - 59 months	Platinum 1
Silver Select, Silver	12 - 35 months	Gold
None	6-11 months	Silver

A policy at the Platinum New Business Discount level with a new business inception date prior to 10/09/2015 that renews into the product where the Platinum 2 Select Discount level is available for the first time will be moved up to the Platinum 2 Select Discount. A policy with a new business inception date after 10/09/2015 receives the Platinum 1 Select Discount level provided that the specified criteria for the discount level is met.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P35

Rule Title: Residency Rewards

Residency Rewards is a factor based on length of residency and tenure with the Company (Rule P79). The length of residency is determined by the duration of time that the named insured has resided at the current address listed on the policy. The duration of time is calculated by measuring the length of time between the date on which the insured most recently began residing at the address and the policy effective date. The factor will apply only to policies with a Prior Insurance Classification of C (Rule P15).

Length of Residency will be classified into one of the following categories:

- A - 0-11 months
- B - 12 or more months
- X - n/a
- Z - Renewal policies originating prior to the introduction of Residency Rewards.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P36

Rule Title: Three-year Safe Driving Discount

This discount will be applied if all of the following conditions are met:

- A. None of the eligible-to-be-rated drivers have any occurrences of AAF, MAJ, MIN, SPD, DWI, or NAF class codes during the Chargeable Period for Points Assignment (Rule D04);
- B. There are no Permissive Use Accidents on the policy during the Chargeable Period for Points Assignment (Rule D04);
- C. The Prior Insurance Classification (Rule P15) is "A" or "B", or the named insured or spouse has been insured by the Company for at least 24 months prior to the inception of the term; and
- D. The age of one or more eligible-to-be-rated drivers is greater than or equal to the state minimum unsupervised license age plus 3 years.

This discount will be removed if any of the following conditions are met:

- A. Any of the eligible-to-be-rated drivers have an occurrence of AAF, MAJ, MIN, SPD, DWI, or Non-Progressive NAF class codes during the Chargeable Period for Points Assignment (Rule D04).
- B. There is a Permissive Use At-fault Accident on the policy during the Chargeable Period for Points Assignment (Rule D04); or
- C. The age of no eligible-to-be-rated driver is greater than or equal to the state minimum unsupervised license age plus 3 years.

NAF class codes applied to policies that incepted prior to 12/19/2014 will not cause the discount to be removed.

For existing customers who meet the introductory criteria described above, and who did not previously have a premium reduction based on being accident/violation free for 36 months, the discount will fully be applied (i.e. Rate Stability (Rule P23) will not neutralize its initial effect). For those customers that were previously receiving a benefit for being accident/violation free for 36 months, the discount will be subject to Rate Stability (Rule P23).

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule: P40

Rule Title: Full Coverage Status

For the purposes of this rule, "full coverage" means that a vehicle on the policy has bodily injury, property damage, and collision coverage. When changes are made that effect the "full coverage" of any vehicle on the policy, the Full Coverage Status will be updated as of the effective date of the change.

Vehicles with Full Coverage	Full Coverage Status
All	A
Some	S
None	N

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P41

Rule Title: Education/Occupation Rating

Occupation/education rating factors will be applied based on the most favorably ranked pairing of occupation and education for the eligible to be rated primary named insured or spouse.

The education level will be classified into one of the following eight categories:

- X) Unknown
- 1) No high school diploma or GED
- 2) High school diploma or GED
- 3) Vocational/trade School degree or military training
- 4) Some college
- 5) Currently in college
- 6) College degree
- 7) Graduate work or graduate degree

For each eligible to be rated primary named insured or spouse, their occupation is categorized into an occupation group that is paired with that driver's education level. After a ranking for each driver's education and occupation has been assigned the best ranked combination will be used.

Renewal Customer Indicators will identify policies where data was not collected because the policy inception prior to implementation of education or occupation. Factors will be assessed for these classifications and applied until the customer provides the Company with more favorable Education and/or Occupation information.

Refer to the Occupation Descriptions Rule (P97) for descriptions and their corresponding occupation code.

Refer to the rate factor pages for the occupation codes to group assignment, the education/occupation ranking, and the corresponding Education/Occupation factors and coverages to which they apply.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule: P42

Rule Title: Household Member Factor

A Household Member Factor is applied to all rated drivers on the policy. If all household members (see definition below) are classified as eligible-to-be-rated and there is at least one driver under age 21, the factor is selected from the Household Member Factor Table 2. If one or more household members is not classified as eligible-to-be-rated or if all household members are eligible-to-be-rated and are at least 21 years of age, the factors for all drivers are selected from the Household Member Factor Table 1.

"Household members" are disclosed residents over the age of 15, plus any other drivers of covered autos. Persons that are known by the Company to be deployed by the military in a location outside any state, territory, or possession of the United States of America, existing drivers listed as under 21 and never licensed or out of country (Rule D01), or drivers qualifying for Permit Rating (Rule D02) treatment will not be considered "household members".

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P43

Rule Title: Financial Responsibility Filing Surcharge

A surcharge is applied when any eligible to be rated driver has a financial responsibility filing (e.g. SR22) issued by the Company.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P48

Rule Title: Household Structure Factor

A factor will be applied to all policies based on the "household structure".

The "household structure" is determined by:

- Single-car / Multi-car
- Primary Named Insured ("PNI") Marital Status
- Youthful Primary Named Insured ("PNI")
- Youthful driver count
- Rated Driver Count
- Eligible to be rated driver count
- Youthful rated driver count
- Rated driver gender

When changes are made to a policy that affect the "household structure" of the policy, the Household Structure Factor will be updated as of the effective date of the change.

For purposes of this rule, the term "Youthful" refers to drivers under the age of 21. The "Youthful Driver Count" counts eligible-to-be-rated, excluded, and list only "Youthful" drivers, excluding anyone who qualifies for Permit Rating (Rule D02) treatment.

Refer to Driver Definitions (Rule D01) and Driver Classification (Rule D03) for definition of the driver related terms. Also, refer to the rates filing which shows how the "household structure" is determined, corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P51

Rule Title: Deductible Savings Bank

Deductible Savings Bank is an optional feature that may be purchased to reduce a customer's deductible. Six month policy terms will earn a \$50 Deductible Savings Bank benefit and twelve month terms will earn \$100 for every term where none of the eligible-to-be-rated drivers have any newly added occurrences of AAF, MAJ, MIN, SPD, DWI or NAF class codes, and there are no newly added permissive use violation codes on the policy. FDL and UDR violation codes will not be used to determine eligibility for this benefit. Customers will only be eligible for this benefit if it is in place on the date the Company calculates the renewal premium.

To be eligible to purchase the Deductible Savings Bank feature the policy must have at least one motor vehicle with Collision coverage and a minimum deductible of \$500 on all vehicles with either Collision or Comprehensive coverage.

Customers will accumulate this Deductible Savings Bank benefit and the contents will be used to offset any applicable deductibles for Comprehensive or Collision claims paid by the same policy. The contents of the Deductible Savings Bank can only be used to offset any applicable deductibles while insured by the Company and cannot be redeemed by the customer for any other purpose. If the policy cancels or expires, the Deductible Savings Bank is eliminated and the customer is not entitled to any remaining amount.

The balance of the savings bank will be reduced at the next renewal event by any amount used to reduce applicable Comprehensive/Collision deductibles during the previous term. Reductions to the savings bank will be based on the balance available during the policy term when the claim occurred.

Policies that do not purchase the Deductible Savings Bank will not be assigned a factor in the rate order of calculation.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P54

Rule Title: Recent Non-Progressive Claims

The number of Non-Progressive AAFs and Non-Progressive NAFs (Rule D04) that occur in the 12 months preceding the driver add date will be counted for all eligible-to-be-rated drivers.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P55

Rule Title: Theft and Vandalism Comprehensive Claims

The number of theft and vandalism Comprehensive claims (CMP) that occur while insured under the current policy and within the Accident and Violation Evaluation Period (Rule D04) are counted for all eligible-to-be-rated drivers.

For existing customers with any of the claims described above, the factor will be fully applied (i.e., Rate Stability (Rule P23) will not neutralize its initial effect).

Refer to the rate factor pages for factors and applicable coverages.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P58

Rule Title: New Business Five Year Accident Free Discount

This discount will be applied at the time of sale, or within 31 days of the new business policy term effective date, if all of the following conditions are met:

- A. None of the eligible-to-be-rated drivers have any occurrences of a Chargeable Incident during the Accident and Violation Evaluation Period (Rule D04). For drivers who are endorsed onto the policy within 31 days of the new business effective date, their Accident and Violation Evaluation Period will be 59 months prior to the date on which they are added to the policy;
- B. None of the eligible-to-be-rated drivers have any occurrence of a NAF class code during the Accident and Violation Evaluation Period (Rule D04);
- C. None of the eligible-to-be-rated drivers have any occurrence of an Unverifiable Driving Record or a Foreign Driver's License (Rule D05) during the Chargeable Period for Points Assignment (Rule D04);
- D. The age of at least one eligible-to-be-rated driver is greater than or equal to the state minimum unsupervised license age plus 5 years; and
- E. The Prior Insurance Classification (Rule P15) is "A" or "B".

This discount will be removed at renewal, or within 31 days of the new business term effective date if any of the following conditions are met:

- A. Any eligible-to-be-rated driver has an occurrence of a Chargeable Incident during the Accident and Violation Evaluation Period (Rule D04);
- B. Any eligible-to-be-rated driver has an occurrence of a Non-Progressive NAF class code during the Accident and Violation Evaluation Period (Rule D04);
- C. There is a Permissive Use At-fault Accident on the policy during the Accident and Violation Evaluation Period (Rule D04);
- D. Any eligible-to-be-rated driver has an occurrence of an Unverifiable Driving Record or a Foreign Driver's License (Rule D05) during the Chargeable Period for Points Assignment (Rule D04);
- E. The age of no eligible-to-be-rated driver is greater than or equal to the state minimum unsupervised license age plus 5 years; or
- F. The Prior Insurance Classification (Rule P15) is "C".

A policy receiving a benefit for being Five Year Accident Free (former Rule P38) and renewing into the product where this rule (Rule P58) is available for the first time and that is not subject to the removal criteria described in A through F above will be converted to the New Business Five Year Accident Free Discount at renewal.

For those customers that were previously receiving a benefit for being accident free for 60 months, the discount will be subject to Rate Stability (Rule P23).

NAF class codes applied to policies that inceptioned prior to 12/19/2014 will not cause the discount to be removed.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P59

Rule Title: Five Year Claim Free Discount

This discount will be applied if all of the following conditions are met:

- A. None of the eligible-to-be-rated drivers have any occurrence of a Chargeable Incident during the Accident and Violation Evaluation Period (Rule D04);
- B. None of the eligible-to-be-rated drivers have any occurrence of a NAF class code during the Accident and Violation Evaluation Period (Rule D04);
- C. There are no permissive use accidents on the policy during the Accident and Violation Evaluation Period (Rule D04);
- D. None of the eligible-to-be-rated drivers have any occurrence of an Unverifiable Driving Record or a Foreign Driver's License (Rule D05) during the Chargeable Period for Points Assignment (Rule D04);
- E. The age of at least one eligible-to-be-rated driver is greater than or equal to the state minimum unsupervised license age plus 5 years;
- F. The Prior Insurance Classification (Rule P15) is "A" or "B" or the named insured or spouse has been insured by the Company for at least 24 months prior to the inception of the term; and
- G. The current policy has been active for at least 60 months.

This discount will be removed if any of the following conditions are met:

- A. Any eligible-to-be-rated driver has an occurrence of a Chargeable Incident during the Accident and Violation Evaluation Period (Rule D04);
- B. Any eligible-to-be-rated driver has an occurrence of a Non-Progressive NAF class code during the Accident and Violation Evaluation Period (Rule D04);
- C. There is a Permissive Use At-fault Accident on the policy during the Accident and Violation Evaluation Period (Rule D04);
- D. Any eligible-to-be-rated driver has an occurrence of an Unverifiable Driving Record or a Foreign Driver's License (Rule D05) during the Chargeable Period for Points Assignment (Rule D04); or
- E. The age of no eligible-to-be-rated driver is greater than or equal to the state minimum unsupervised license age plus 5 years.

NAF class codes applied to policies that inceptioned prior to 12/19/2014 will not cause the discount to be removed.

For those customers that were previously receiving a benefit for being accident free for 60 months, the discount will be subject to Rate Stability (Rule P23).

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P60

Rule Title: Claims and Violation Counts

Progressive and Non-Progressive claims during the Accident and Violation Evaluation Period (Rule D04) are counted at the violation code level for all eligible-to-be-rated drivers. All PUA and PUN claims (Rule D06) are counted regardless of driver status.

Claims are defined to include the following violation codes (Rule D06):

- AAF
- NAF
- CMP
- CMU
- ANO
- ANC
- PUA
- PUN

Progressive and Non-Progressive violations during the Accident and Violation Evaluation Period (Rule D04) are counted at the violation class code level for all eligible-to-be-rated drivers. FDL violation codes (Rule D06) are not included in the MAJ class violation count.

Violations are defined to include the following violation classes (Rule D06):

- MAJ
- MIN
- SPD
- DWI

For existing policies, accidents, claims and violations previously removed from the driving record because they were between the Chargeable Period for Points Assignment and the Accident and Violation Evaluation Period (Rule D04) will not be considered.

In the event of same day offenses, the occurrence that would have been assigned the highest Bodily Injury point charge during the Chargeable Period for Points Assignment (Rule D04) will be the claim or violation that is included in the Claims and Violations Count. In the event that the same day offenses (Rule D04) have the same Bodily Injury point charge, the offense occurring first alphabetically (Rule D06) will be included in the Claims and Violations Count.

Refer to the rate factor pages for the violation code to violation class assignment.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P70

Rule Title: Mailing Type

For the purposes of this rule, mailing zip codes are classified into two mailing types:

P: P.O Box and Military Addresses

O: All other addresses

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P72

Rule Title: Prior Insurance BI Limits

For newly written policies, Prior Insurance BI Limit refers to the BI limit provided by the insurance policy immediately preceding the inception of the Company policy. For existing policies where Prior Insurance BI Limit was not collected, the Company will initially use the BI limit from the expiring term immediately preceding the Company's first use of Prior Insurance BI Limit in group determination and/or rating.

The Prior Insurance BI Limit is classified as follows:

Prior BI Limits	Classification
Basic Policies	0
15/30 or Compliant without Insurance (rule P17)	1
Greater than 15/30 but less than 50/100	2
Greater than or equal to 50/100, but less than 100/300 or 100 CSL	3
Greater than or equal to 100/300 or 100 CSL, but less than 250/500 or 300 CSL	4
Greater than or equal to 250/500 or 300 CSL	5
No Prior insurance or > 31 days without	X

Secondary policies for households with 5 or more cars (issued prior to our ability to accept more than 4 vehicles on a single policy) were given the same Prior Insurance BI Limit classification as the primary policy.

Renewal policies retain the Prior Insurance BI Limit classification from the preceding term.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P74

Rule Title: Nonpay Cancel Notice/Nonpay Reinstate Count

Payment Behaviors are occurrences of Nonpayment Cancel notices and Reinstates After Cancellation for Nonpayment (Rule P11) within the most recent 2 terms for 6-month policies and the most recent term for 12 month policies.

For existing customers with any of the payment incidents described above, the factor will be fully applied. Rate Stability (Rule P23) will not neutralize its initial effect.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P75

Rule Title: Vehicle Addition Endorsement Count

Vehicle endorsements are counts of mid-term motor vehicle additions or replacements with differing effective dates, made after the inception date of the policy, and in the 12 months preceding renewal.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P76

Rule Title: Rewrite Reason

A Rewrite Reason will be assigned at new business to policies on which the named insured or spouse was insured by the Company within the preceding 31 days.

For purposes of this rule, rewrite reasons are defined as:

- C - Was previously insured on a parent's or child's policy, on a Commercial Lines policy, on a policy that was issued prior to our ability to write more than four vehicles on a policy and the insured needs to insure additional vehicles, or the insured had a change in marital status.
- O - Moved to another state.
- R - Any other reason.
- N - Not previously insured by the Company.

When a prior policy for the named insured or spouse cannot be confirmed, the rewrite reason value 'R' is applied.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P79

Rule Title: Tenure Treatments

Current Policy Tenure - For the current policy, the number of months between the effective date of the initial term and the effective date of the current policy term.

Company Tenure Prior to Current Policy - The number of months between the effective date of the initial policy term of the customer's first known consecutive policy with the Company and the initial effective date of the current policy.

Tenure with the Company - The combined number of months of Current Policy Tenure and Company Tenure Prior to Current Policy.

For purposes of this rule, Company includes an insurer that is affiliated with the Company.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P80

Rule Title: Initial Evaluation Definition

When the Company introduces an Initial Evaluation variable into a rating factor table, we will use the new business policy term value as the "initial evaluation" value. When the original new business policy value is not known, we will use the policy characteristic in place on the policy term immediately prior to the introduction of the Initial Evaluation variable in the table. If the policy is written as new business after the introduction of the Initial Evaluation variable, the new business policy characteristic will be used.

Once determined, the Initial Evaluation value is retained for all subsequent renewal policy terms.

Refer to the rate factor pages for corresponding columns where Initial Evaluation variables are used.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P81

Rule Title: Summary of Coverage and Expense Abbreviations

The following abbreviations for coverages are used within the rate factor pages:

Bodily Injury (BI)
Property Damage (PD),
Personal Injury Protection (PIP)
Essential Services (ESS-SRV)
Death Benefit (DTH-BEN)
Funeral Benefit (FNRL-BEN)
Income Loss (INCM-LOSS)
Uninsured / Underinsured Motorist Bodily Injury (UM/UIM),
Uninsured/ Underinsured Motorist Property Damage (UMPD),
Comprehensive (COMP),
Collision (COLL),
Additional Custom Parts or Equipment (ACPE),
Rental Reimbursement (RENT),
Roadside Assistance (TOW),
Loan/Lease Payoff (LOAN),
Extended Medical Payments (EXTN-MED)

Refer to the rate factor pages for coverage limit and deductible offerings.

The following abbreviation for expenses is used within the rate factor pages:

Acquisition Expense (ACQ-EXP)

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P83

Rule Title: Automatic Payments

"Automatic Card Payments" are defined as recurring credit or debit card charges on the insured's credit/debit card account to the Company.

To be eligible for Automatic Card Payments, a named insured:

- Must make the down payment with a Credit/Debit Card and the same card must be used for the future payments; and
- Must provide a valid email address.

An Automatic Card Payments (ACP) Discount is applied if the insured chooses an automatic card payment method bill plan other than a 1-pay bill plan.

If a policy is changed from a non-ACP method bill plan to an ACP method bill plan, the Automatic Card Payments Discount will be applied as of the effective date of the change. If a policy is changed from an ACP method bill plan to a non-ACP method multiple installment bill plan, the Automatic Card Payments Discount will be removed as of the effective date of the change.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P84

Rule Title: Extended Medical Payments

Due to system constraints which will not permit a 0 factor, the Limit Factor Table for Extended Medical Payments includes a 1.0 factor for the \$1000 limit. This factor is for programmatic purposes only, and this coverage level is included at no additional charge as required in NJAC 11:3-7.3(b).

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P90

Rule Title: Hurricane and Tropical Storm Restrictions

Physical Damage coverage may not be bound, nor may deductibles on existing physical damage policies be lowered, in any area where there is a hurricane, tropical storm, tornado or flood watch, warning or occurrence.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P91

Rule Title: Policy Type

There are two types of policies that the insured may choose from:

A. Basic Policy

Only the following coverages are available with the Basic Policy;

1. Bodily Injury liability coverage is optional. The only available coverage option is limitation on lawsuit with a limit of \$10,000/\$10,000.
2. Property Damage liability coverage is mandatory and must be written with a \$5,000 limit.
3. Personal Injury Protection – Medical Expense is mandatory and must be written with a \$15,000 limit and for Primary Protection only.

No coverages, other than those listed above, may be purchased.

B. Standard Policy

Refer to the rate factor pages for available coverages and limits.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P92

Rule Title: Tort Threshold Option

Applies only to Liability Bodily Injury and Uninsured Motorist Bodily Injury coverages.

The tort threshold determines when an insured may sue for damages.

1. limitation on lawsuit
2. no limitation on lawsuit

When the no limitation on lawsuit option is selected, regular tort law applies to non-economic loss. The tort selection must be the same for both Liability Bodily Injury and Uninsured Motorist Bodily Injury coverages.

Refer to the rate factor pages for related factors.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P93

Rule Title: PIP Discount

A reduction of PIP premium is applied when a named insured is the owner, the only designated operator of two or more automobiles insured by the same insurer under one or more policies, and the only licensed driver with a valid license residing in the household. The full PIP rate shall be charged on one automobile, and a discount shall be given on the PIP premium charge on each additional auto. Policies with more than one licensed driver, including drivers with valid licenses that are designated as list only, will not be eligible for this discount.

The Excess Vehicle factor (rule V12) will not apply to Personal Injury Protection if this discount is already applied.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P100

Rule Title: Prior Insurance Activity

For purposes of this rule, the following definitions apply with respect to insurance activity for the PNI or spouse prior to the new policy being written.

1. Early Cancel Policy Count: The number of auto policies within the last 5 years that were cancelled within the first 175 days of the policy.
2. Flat Cancel Policy Count: The number of auto policies within the last 5 years in which the cancellation date is equal to the policy inception date.
3. Prior Lapse Count: The number of lapses in auto coverage within the last 5 years.
4. Prior Progressive Auto Policies: The number of distinct prior auto policies with the Company or an affiliate within the last 5 years. Consecutive Prior Progressive Auto Policies which are written in different states are not included in this count.
5. Average Length of Prior Insurance: Prior to the Company policy, the total days of policy tenure excluding lapse days for distinct auto policies within the last 5 years divided by the number of distinct policies.

Average Length of Prior Insurance is defined with the following values:

- A - Less than or equal to 2 months
- B - 3 months – 6 months
- C - 7 months – 12 months
- D - 13 months – 35 months
- E - 36 months – 59 months
- F - 60 months – 119 months
- G - Greater than or equal to 120 months
- P - No Order Needed (Existing policies with new business effective prior to new business effective date of filing PRGS-132780616 will be assigned the value of 'No Order Needed')
- X - Valid data not returned from vendor

If an applicant discloses that previous policies were cancelled by an insurer for any reason except non-payment of premium, Early Cancel and Flat Cancel policy counts are assigned a value of zero and Average Length of Prior Insurance is assigned a value of 'X'.

If valid prior insurance activity is not returned to the Company for one of the reasons noted below, then the corresponding group value is assigned.

- ZZ – Valid data not returned from vendor
- YY – System problem
- XX – Order not needed
- WW – Not ordered

A group value of ZZ will also be assigned if the PNI or spouse was excluded from coverage on all prior auto policies within the last 5 years.

Existing policies with new business effective prior to new business effective date of filing PRGS-132780616 are not subject to an order of prior insurance activity data.

Prior insurance activity data will not be refreshed at renewal.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P101

Rule Title: Progressive Roadside Occurrences

Progressive Roadside Occurrences is the number of roadside occurrences with the Company on the policy within the Accident and Violation Evaluation Period (Rule D04).

For existing customers, Progressive roadside occurrences prior to the introduction of this rule **10/27/2018**, will not be counted.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P103

Rule Title: Excess Residents

For newly written policies, if the total number of residents in the household is greater than the total number of drivers on the policy, the Excess Resident Classification will be 'Yes'; otherwise, the Excess Resident Classification will be 'No'. Resident is defined as a person who is expected to be living in the household for 60 days or more during the next 12 months, regardless of age. Residents and drivers who are known by the Company to be deployed by the military in a location outside any state, territory, or possession of the United States of America, or existing drivers listed as out of country are not considered in the comparison.

For policies that incepted prior to the use of Excess Resident Classification in grouping, the Excess Resident Classification will be set to 'No'.

Renewal policies retain the Excess Resident classification from the preceding term.

Secondary policies, for households with 5 or more cars (issued prior to our ability to accept more than 4 vehicles on a single policy) were given the same Excess Resident Classification as the primary policy.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule: P104

Rule Title: Prior Personal Injury Protection (PIP) Claims Count

The Prior Personal Injury Protection Claims Count is defined as the total number of Personal Injury Protection losses occurring on policies in the 36 months prior to the date we obtain the Personal Injury Protection Claims data for a new business Company policy where a named insured, household resident, or listed driver on the new business Company policy was a named insured, household resident or listed driver on policies prior to the Company policy. Policies incepting prior to **09/21/2018** are not subject to the Prior Personal Injury Protection Claims Count.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P105

Rule Title: Repeat Customer

A Repeat Customer is defined as a primary named insured (PNI) or spouse who has been a PNI or spouse on a previous auto policy with the Company or an affiliate within 6 months of the new policy effective date. If more than one policy meets the criteria, then data from the most recent previous Company policy is used. Data is only available if a renewal offer from the most recent policy term has issued. If a renewal offer did not issue, the number of occurrences for each characteristic will be set to 0 and the Average Usage-based Insurance Group will be set to Group 201. The effective date of the policy for which Repeat Customer data is gathered must be greater than a new business effective date of filing PRGS-130710564 or a renewal effective date of filing PRGS-130710564.

Beginning on New Business effective date of filing PRGS- 132780616, the following policy characteristics from the most recent previous Company auto policy will be used in evaluating Repeat Customer.

1. Number of vehicle addition endorsements (Rule P75)
2. Number of non-pay cancel notices (Rule P74)
3. Number of non-pay reinstates (Rule P74)
4. Number of Permissive Use At-fault accidents
5. Number of Permissive Use Not-at-fault accidents
6. Number of late fees (Rule B04)
7. Number of NSF fees (Rule B03)
8. Number of Progressive Roadside Occurrences (Rule P101)
9. Outstanding customer balance owed the Company equal to or greater than \$25
10. Average Usage-based Insurance group (Rule V13)

The number of Permissive Use At-fault Accidents, Permissive Use Not-at-fault Accidents (Rule D04) and Progressive Roadside Occurrences (Rule P101) are those that occurred within the Chargeable Period for Points Assignment (Rule D04) on the most recent previous Company auto policy.

The Average Usage-based Insurance group is calculated using all vehicles that had an assigned UBI group (Rule V13) between 0 and 200 on the most recent previous Company auto policy. The UBI group values are summed and divided by the number of vehicles to calculate the Average Usage-based Insurance group. If no vehicles on the policy have an assigned UBI group between 0 and 200, the Average Usage-based Insurance group is set to 201.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: P106

Rule Title: Renew with Lapse Factor

A Renewal with Lapse Factor is applied based on any lapses in coverage that have occurred since inception of the Company policy.

When a policy term is renewed with a lapse in coverage, the lapse days are calculated by taking the number of days difference between the expiration date of the expired policy term and the effective date of the renewing policy term. At each renewal, the Number of Lapse Day variables are assigned as follows:

“Number of Lapse Days = 1-10” value = “Y” if the policy has ever had a lapse of 1 to 10 days; and “N” otherwise.

“Number of Lapse Days = 11-30” value = “Y” if the policy has ever had a lapse of 11 to 30 days; and “N” otherwise.

“Number of Lapse Days = 31-60” value = “Y” if the policy has ever had a lapse of 31 to 60 days; and “N” otherwise.

“Number of Lapse Days = 61-90” value = “Y” if the policy has ever had a lapse of 61 to 90 days; and “N” otherwise.

“Number of Lapse Days = 91+” value = “Y” if the policy has ever had a lapse of 91 or more days; and “N” otherwise.

Lapses in coverage are evaluated beginning with the first renewal after renewal effective date of filing PRGS-132780616.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V01

Rule Title: Vehicle Classification

Vehicle symbols will be assigned to all vehicles.

Make symbol:	This is based upon the vehicle make.
Model symbol:	This is based upon the vehicle model.
Style symbol:	This is based upon the vehicle body type, wheel drive, and number of cylinders.
Auxiliary symbol:	As set forth in section C, this identifies which vehicle rating factors should be applied if the motor vehicle is not identified in the rate factor pages as defined in section A and are not rated as make, model and style symbols 67, 68 or 69.

- A. Vehicle symbols and a luxury vehicle indicator will be assigned to all vehicles. When any vehicle is classified as being a luxury vehicle, a "Luxury Vehicle on Policy" indicator will also be set.
- B. For new vehicle releases which are the same or a close match to a make, model, and style combination from the previous model year, the make symbol/model symbol/style symbol combination used for the matching make/model/style combination from the previous model year will be assigned to the new vehicle release.
- C. For new vehicle releases without the same or a closely matching make/model/style combination in the previous model year, the Company will assign the auxiliary symbol based on the corresponding auxiliary symbol factors derived from its most current symbol model. The auxiliary symbol factor will be used until the make symbol, model symbol, style symbol and vehicle model year are filed in the rate factor pages as defined in section A.
- D. Vehicles which require only Liability coverage and are pre-1981 model year vehicles; limited production; exotic; classic or collectible vehicles which do not appear on the symbol list are rated with make, model and style symbol 69.
- E. Stated amount vehicles (rule V04) will receive make, model, and style symbols 67 and 68 as follows:
 - 1. Stated amount vehicles, other than conversion vehicles, that have physical damage or liability and physical damage coverage are assigned a make symbol, model symbol, and style symbol 67;
 - 2. Stated amount vehicles that are conversion vehicles with physical damage or liability and physical damage coverage are assigned a make symbol, model symbol, and style symbol 68.
- F. Stated amount vehicles will not be classified as luxury vehicles.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V02

Rule Title: Model Year

The model year of the private passenger automobile is the year assigned by the original automobile manufacturer. If the auto is rebuilt or structurally altered, then the model year of the chassis determines the model year of the automobile.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V03

Rule Title: Vehicle Age

Vehicle Age is calculated by subtracting the Model Year for the automobile from the applicable Base Model Year. A Vehicle Age less than 0 will be rated at Vehicle Age 0. A Vehicle Age greater than 99 will be rated at Vehicle Age 99. The applicable Base Model Year is specified in the rate factor pages.

Vehicle Symbols 67, 68 and 69 (Rule V01), will receive a Vehicle Age Factor of 1.0 on Comprehensive, Collision, and Loan/Lease Payoff coverages in the Rate Order of Calculation.

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V04

Rule Title: Value Class Vehicle Rating

Stated amount value class factors are used to rate stated amount vehicles.

- A. Stated amount vehicles are vehicles which are:
 - 1. Pre-1981 model year vehicles;
 - 2. Limited production, exotic, classic, or collectible vehicles;
 - 3. Private passenger automobiles, pick-ups, or vans having more than \$5,000 of custom parts or equipment; or
 - 4. Pick-ups or vans with conversion packages;
 - 5. Non-U.S. vehicles.

The stated amount value for a stated amount vehicle may not exceed \$150,000.

- B. Physical damage coverage on stated amount vehicles provides coverage up to the lowest of the:
 - 1. Actual cash value, reduced by the deductible;
 - 2. Amount necessary to replace the property, reduced by the deductible;
 - 3. Amount necessary to repair the property, reduced by the deductible; or
 - 4. Stated amount value specified by the insured, reduced by the deductible.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V07

Rule Title: Vehicle Garaging Location Rating

Vehicles are rated based on the zip code in which the vehicle is principally garaged.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V09

Rule Title: Vehicle Use Definitions

Vehicles are classified by their use:

Vehicle Use	Vehicle Use Code	Vehicle Use Description
Pleasure/Personal	1	Vehicles not used for commercial purposes or commuting to work or school.
Business	2	Vehicles used in any occupation, trade or business or for any profit, revenue, or consideration
Farm	3	Vehicles used primarily on a farm, ranch or orchard
Commute	4	Vehicles used to drive back and forth to work or school

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V11

Rule Title: Business Use Surcharge

A surcharge applies for any vehicle classified for acceptable business use.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V12

Rule Title: Excess Vehicle Factor

If there are any drivers with an issued named driver exclusion form or drivers that are not classified as Household Members (Rule P42), the rating factor for Excess Vehicle is set to 1.0.

Otherwise, if the number of motor vehicles exceeds the count of Household Members (Rule P42), then there are excess vehicles. The count of excess vehicles is the difference between the number of motor vehicles and the count of Household Members.

Which motor vehicles are considered excess is determined by applying the following criteria in the following order:

1. Oldest model year, or oldest model years if there is more than one excess vehicle.
2. Lowest BI symbol factor, or lowest BI symbol factors if there is more than one excess vehicle.
3. Last Vehicle Listed.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V13

Rule Title: Usage-based Insurance

The Usage-based Insurance ("UBI") program utilizes Company-approved technology to obtain driving information including, but not limited to the time of day, speed at which the vehicle is operated, and mobile phone use (if available).

Driving information may be collected and provided to the company by one of the following methods:

1. Company provided device that is plugged into the vehicle's On-Board Diagnostics port (OBD);
2. Company's mobile app, once available for use in the policy state (Mobile); or
3. Company-approved third party that collects the required vehicle information and provides it to the Company.

To be eligible to participate in the UBI program, the insured must:

1. provide a valid email address;
2. meet any vehicle technology and communication technology requirements; and
3. meet other eligibility requirements as required by company guidelines.

Agents must be certified to offer the UBI program.

If the participant has a driver safety score at the time of new business quote and further data collection is not required, an OBD "renewal" UBI group is assigned. Any achieved UBI group will remain on the applicable vehicle and its replacements for the life of the policy until either the Company requests updated driving information to be collected or the insured chooses to re-enroll and provides the required amount of data to re-calculate the UBI group. Driver safety scores from various sources may be adjusted to assure similar outcomes.

If the participant has a driver safety score at the time of new business quote and further data collection is required an "initial" UBI group is assigned.

For policies where driving information is being collected via OBD:

- If enrollment in the UBI program occurs during the quote process and the participant does not already have a driver safety score, a New Business UBI Participation Discount will be applied to all enrolled vehicles. The New Business UBI Participation Discount is only applied for the first term while the vehicle or its replacement is actively enrolled in the UBI program. The New Business UBI Participation Discount will only be applied once per vehicle.
- If, at the first renewal after enrollment, the Company has received the minimum required amount of driving data as required by company guidelines, any achieved UBI group will remain on the vehicle and its replacement for the life of the policy until either the Company requests updated driving information to be collected or the insured chooses to re-enroll and provides the required amount of data to re-calculate the UBI group.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

- If, at the first renewal after enrollment the Company has not received the minimum required amount of driving data, the vehicle will be evaluated again at the next renewal. If the vehicle still does not meet the minimum data collection requirement, a non-fulfillment group will be applied which will remain on the vehicle or its replacement for the life of the policy or until the insured chooses to re-enroll and provides the required amount of data to re-calculate the UBI group.
- If an insured withdraws a vehicle from the UBI program more than 45 days after enrollment or inactivates the Company-approved technology for a 45 day period while the Company is collecting driving information, a non-fulfillment group will be assigned at the first renewal offer and will remain on the vehicle or its replacement for the life of the policy or until the insured chooses to re-enroll and provides the required amount of data to re-calculate the UBI group.
- If the insured does not begin data collection on a vehicle within 45 days after enrollment, the vehicle will be withdrawn from the UBI program.

For policies where driving information is being collected via Mobile:

- Any vehicle except a trailer is considered an eligible vehicle.
- If enrollment in the UBI program occurs during the quote process and the participant does not already have a driver safety score, a New Business UBI Participation Discount will be applied to all eligible vehicles. The New Business UBI Participation Discount is only applied to all eligible vehicles for the first term and if at least one driver is actively monitoring in the UBI program. The New Business UBI Participation Discount will only be applied once per vehicle.
- Each driver will receive a driver safety score at the first renewal after enrollment. If the Company has received the minimum required amount of driving data from a driver, a driver safety score will be applied to that driver. If any driver withdraws from the program within 45 days after enrollment or if the Company has not received the minimum amount of driving data from the driver at the first renewal, a neutral driver safety score will be applied to that driver. If any driver withdraws from the UBI program more than 45 days after enrollment or inactivates the Company-approved technology for a 45-day period while the Company is collecting driving information, a non-fulfillment driver safety score will be assigned to that driver.
- The driver safety score for each eligible driver will be averaged to calculate a policy UBI group. The policy UBI group will be applied to all eligible vehicles that are on the policy at the time the achieved policy UBI group is applied.
- If, at the first renewal after enrollment the Company has received the minimum required amount of driving data from all drivers, any achieved policy UBI group will remain on all eligible vehicles and their replacements for the life of the policy until either the Company requests updated driving information to be collected or the insured chooses to re-enroll and provides the required amount of data to re-calculate the policy UBI group.
- If, at the first renewal after enrollment, the Company has not received the minimum required amount of driving data from all drivers but at least one driver is actively monitoring, the policy UBI group will be evaluated again at the next renewal and any achieved policy UBI group will be applied and remain on all eligible vehicles and

Progressive Garden State Insurance Company
Private Passenger Auto Program

their replacements for the life of the policy until either the Company requests updated driving information to be collected or the insured chooses to re-enroll and provides the required amount of data to re-calculate the policy UBI group.

- If any actively monitoring driver has not met the minimum data collection requirement at the second renewal after enrollment, a non-fulfillment driver safety score will be applied to the driver.
- If no driver begins collection within 45 days after enrollment the policy will be withdrawn from the UBI program.

Participants who enrolled in UBI prior to new business effective date of filing PRGS- 132780616 or a renewal effective date of filing PRGS- 132780616 will be assigned to an OBD Renewal UBI Group.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V14

Rule Title: Length of Vehicle Ownership Factor

Length of vehicle ownership is based on the length of time the vehicle has been owned or leased at the time the vehicle is added to the policy.

The length of vehicle ownership will be classified into one of the following categories for which a factor will be assigned:

- A - Less than 1 year
- B - 1-2 years
- C - 3-4 years
- D - 5 or more years
- X - unknown

Vehicles insured by the Company on policies written prior to the introduction of this rule are not subject to a Length of Vehicle Ownership Factor.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V15

Rule Title: Vehicle History Factor

Beginning with new business policies written on or after **03/03/2017** or existing policies effective on or after **04/08/2017**, a motor vehicle's title and damage history will be evaluated. The history evaluation applies to motor vehicles model year 1981 and newer. Vehicles insured by the Company prior to the dates provided are not subject to a vehicle history order as long as they remain continuously insured by the Company.

For purposes of this rule the following definitions apply.

- A. The title, theft and damage history incidents are categorized as follows:
 - 1. Title Issue: Title branding indicating the vehicle has been written off due to fire, flood, rebuild, reconstruction dismantlement, hail, salvaged, Canadian total loss, junk or manufacturer buyback.
 - 2. Junk Title: Vehicle is damaged to the extent that the cost of repair exceeds the state's damage threshold.
 - 3. Theft: Vehicle is reported to a state DMV as stolen, reported to an insurance company as missing, or reported as recovered from a theft.
 - 4. Damage Type 1: Reported incidents such as fire damage, frame damage, airbag deployment, police-reported severe accident, vehicle total loss, use as a crash test vehicle, scrapped vehicle, or records from an automotive recycler.
 - 5. Damage Type 2: Reported damage incidents other than Type 1.
- B. The age of a vehicle history incident for each category above is defined as the number of days between the vehicle history evaluation date and the vehicle's most recent incident reported for that category. The age groupings are as follows:
 - A - 0 - 89 days
 - B - 90 - 180 days
 - C - 181 - 365 days
 - D - 366 - 1095 days
 - E - 1096 - 1825 days
 - F - Greater than 1825 days
 - N - No vehicle history incidents
 - X - Number of days unknown, vehicle history data is not available, the vehicle VIN is invalid or vehicle history is not ordered
- C. The age of a vehicle incident for each category above and the age of the last ownership acquisition date are compared to determine whether the vehicle history incident occurred before or after the last ownership acquisition date of the vehicle.
 - A - Pre-Ownership
 - B - Post Ownership
 - N - No vehicle history incidents or vehicle history not ordered
- D. The vehicle's title, theft and damage history order status indicates whether or not valid vehicle history data was returned to the Company.
 - D - No data available for this valid VIN
 - I - Invalid VIN
 - O - Ordered
 - P - System Problem
 - X - Not Ordered
- E. The counts of Non-Progressive and Progressive occurrences within the Chargeability Period for Points Assignment (Rule D04):
 - 1. At-fault Accidents,
 - 2. Not-at-fault Accidents, and

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

3. Comprehensive claims.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V16

Rule Title: Vehicle Tenure

For the current policy, the number of months between the date the vehicle most recently became insured on the policy and the effective date of the current policy term. For vehicles added mid-term, a vehicle tenure of 0 will be assigned until the next renewal.

Effective: March 3, 2017

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V18

Rule Title: Vehicle Clean Status Indicator

Vehicle Clean Status Indicator is defined as follows:

Y = Policy qualifies for the New Business Five Year Accident Free Discount (Rule P58) or the Five Year Claim Free Discount (Rule P59)
N = Policy does not qualify for the New Business Five Year Accident Free Discount (Rule P58) or the Five Year Claim Free Discount (Rule P59)
X = Not applicable

Effective: September 21, 2018

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V19

Rule Title: Smart Technology Discount

A vehicle is eligible for a Smart Technology Discount if the vehicle is equipped with any of the following factory installed features:

- Automatic emergency braking
- Blind spot warning

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V22

Rule Title: Initial Vehicle Evaluation Variable

When the Company introduces an Initial Vehicle Evaluation Variable into a rating factor table, we will use the new business policy term value as the initial vehicle evaluation value. For vehicle endorsements, the initial vehicle evaluation value will be the value in effect on the date of the endorsement transaction. When the original policy value is not known, we will use the policy characteristic in place on the policy term immediately prior to the introduction of the Initial Vehicle Evaluation Variable in the table. If the policy is written as new business after the introduction of the Initial Vehicle Evaluation Variable, the vehicle characteristic at the time of new business policy inception will be used.

Once determined, the initial vehicle evaluation value is retained for all subsequent renewal policy terms.

Refer to the rate factor pages for corresponding columns where Initial Vehicle Evaluation Variables are used.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V23

Rule Title: Coverage Selection Factors

For each vehicle, a Coverage Group value for Comprehensive, Collision, Rental Reimbursement and Roadside Assistance coverages will be assigned at Initial Vehicle Evaluation (Rule V22) based on the level of coverage. If the coverage for the vehicle does not include Comprehensive, Collision, Rental Reimbursement or Roadside Assistance coverages, then the Coverage Group value for the coverage not present will be 'N'.

For each vehicle, the Since Initial Vehicle Evaluation indicator is set to "Y" for Comprehensive, Collision, Rental Reimbursement and Roadside Assistance coverages at Initial Vehicle Evaluation (Rule V22). When the Coverage Group value for Comprehensive, Collision, Rental Reimbursement or Roadside Assistance vehicle coverage is changed to a value different than the Coverage Group assigned at Initial Vehicle Evaluation (Rule V22), the Since Initial Vehicle Evaluation indicator is set to the value of N. For all subsequent Coverage Group changes, the Since Initial Vehicle Evaluation indicator value will remain N.

Refer to the rate factor pages for available Comprehensive, Collision, Rental Reimbursement and Roadside Assistance coverage options.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V24

Rule Title: Annual Miles Rating Factor

Beginning on New Business effective date of filing PGRS-132780616, annual miles, represented as a range, will be collected from the customer for each vehicle at new business and for added vehicle endorsements.

For policies with new business dates prior to effective date of filing PGRS-132780616, an annual miles value will be collected from the customer when a vehicle is added to a policy beginning effective date of filing PGRS-132780616.

Vehicles not having an annual miles value will be classified as one of the following:

- Not Provided = Annual miles value is not required
- Not Applicable = Named operator or trailer

For vehicles where an annual miles value was previously Not Provided, customers may choose to provide an annual miles selection at any time.

Refer to the rate factor pages for corresponding factors and coverages to which they apply.

Progressive Garden State Insurance Company
Private Passenger Auto Program

Rule: V25

Rule Title: V25.00.00.00-Apron Relief Usage-based Insurance COVID-19 Response Rule

Any insured who enrolls in the UBI program on or after February 8, 2021 and after the insured's new business policy inception date may elect an abbreviated UBI monitoring period as described in this rule. If the Company has received at least 30 days of telematics data, the insured may choose to end monitoring and request that Company calculate and apply any achieved UBI group to eligible vehicles on the policy. To make this election, the insured must call the Company after providing at least 30 days of telematics data to review their driver safety score and either request the abbreviated monitoring period or continue monitoring. If the insured elects to have the achieved UBI group applied at that time, that UBI group will remain on the vehicle and its replacement for the life of the policy until either the Company requests updated driving information to be collected or the insured chooses to re-enroll and provides the required amount of data to re-calculate the UBI group. If the insured elects to continue monitoring in the UBI program, the insured will continue monitoring and may call again to review their driver safety score at a later date or continue monitoring for the full period prescribed in Rule V13. Once the insured monitors for the full period prescribed in rule V13, the abbreviated monitoring period option will no longer be available, and the achieved UBI group as prescribed in rule V13 will be applied.

Except as detailed above, rule V13 will continue to apply to all participants of the UBI program.

This rule and the abbreviated monitoring period option will be available for insureds until July 31, 2021 at which time this customer option will expire. Any insureds who are actively monitoring on that expiration date, and would otherwise qualify, will still be permitted to elect an abbreviated monitoring option after the expiration date up until the insured has completed the full monitoring period prescribed in rule V13.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V85

Rule Title: Vehicle Equipment Discount

- A. Discount shall apply to comprehensive coverage for private passenger vehicles equipped with one or more anti-theft or vehicle recovery devices when the following criteria are met:
1. The vehicle is equipped with a qualifying Category I, II, III, IV device as described in N.J.A.C. 11:3-39.5(a)-(d), and
 2. The insured provides reasonable proof that the vehicle is equipped with a properly installed device, and
 3. The qualifying device is maintained in working condition.
- B. The discount shall be categorized into 5 groups. Please refer to the rate pages for discount amounts.

A private passenger automobile equipped with more than one qualified anti-theft or vehicle recovery device shall be discounted as follows:

- The greater category reduction shall apply when a private passenger automobile is equipped with two or more anti-theft devices qualifying from two or more categories.
- A private passenger automobile equipped with a Category III anti-theft or vehicle recovery device and a Category IV anti-theft or vehicle recovery device in combination shall receive a reduction as specified in the rate pages.

Refer to rate factor pages for corresponding factors and coverages to which they apply.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: V86

Rule Title: Vehicle Inspections

Inspections are required for all vehicles requesting Comprehensive and/or Collision coverage with the following exceptions:

- A. When a new automobile (unused, never titled, odometer less than 1,000 miles) is purchased from a franchised automobile dealership and Company is provided with one of the following documents:
 - 1. A copy of the bill of sale which contains a full description of the automobile, including all options and accessories; or
 - 2. A copy of the window sticker or advanced dealer shipping notice (invoice) showing the itemized options and equipment, the total retail price of the automobile, and any dealer installed option purchased by the customer; or
 - 3. Vehicle buyer's Order (contract) and/or the dealership invoice to the buyer, including all options and accessories
 - 4. A copy of the automobile lease agreement
- B. For policies that are renewing or have renewed with Company
- C. Where an individual insured's Comprehensive and/or Collision coverage is being transferred by an agent to Company from another insurance company without a lapse in coverage, and a copy of the current declarations page is provided
- D. For policies rewritten with Company within 30 days of prior policy end date
- E. When the vehicle is more than 7 model years old.
- F. For non-new automobiles without Anti-theft & Recovery Discount category IV. Please Note: If the presence of the device is verifiable from the VIN due to the installation by the Original Equipment Manufacturer, an inspection is not required.

In the case where an inspection has been waived for a new automobile but the specified documents have not been provided, inspection will be waived if the policy remains in force for 6 months after the coverage effective date. However, one of the specified documents must still be provided prior to Company providing payment for any physical damage claim occurring in any policy term.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: X01

Rule Title: Policy Risk Rating Group

The Policy Risk Rating Group is determined by the interaction of a base value and the following policy variables:

1. Prior insurance history
2. Claims and violations counts
3. Clean at inception
4. Number of eligible-to-be-rated drivers
5. Excess residents
6. Payment behaviors
7. Number of vehicle endorsements
8. Number of vehicles
9. Tenure with the Company
10. Company Tenure Prior to the Current Policy
11. Number of recent non-Progressive claims
12. Rewrite reason
13. Continuous Insurance Discount
14. Three-year Safe Driving Discount
15. New Business Five-year Accident Free Discount
16. Repeat Customer
17. Number of prior Personal Injury Protection claims

Policies that incepted prior to 03/03/2017 will be evaluated for placement in a Policy Risk Rating Group upon the first renewal following 04/08/2017.

**Progressive Garden State Insurance Company
Private Passenger Auto Program**

Rule: X14

Rule Title: Policy Risk Rating Group Movement

Policies will be subject to a policy risk review for group movement at every renewal. A policy will maintain the current group or be placed in a higher rated group based on new claims or violations (Rule P60), new roadside occurrences (Rule P101), new payment behavior incidents (Rule P74) or new vehicle added endorsements (Rule P75) since the last policy risk review.

If a policy is not placed in a higher rated group at the policy risk review, the policy may qualify for a lower rated group based on the count of claims or violations (Rule P60) and the count of roadside occurrences (Rule P101) within the Accident and Violation Evaluation Period (Rule D04), the count of payment behavior incidents (Rule P74) within the previous 12 months, and current policy tenure (Rule P79).

Updates to the base value (Rule X01) will be reviewed at each renewal and reflected in group movement no less often than every 36 months.

RATE ORDER OF CALCULATION

The first step of the rate calculation formula is to determine the Household Risk Factor.

The Household Risk Factor is the average of the Developed Driver Factors for all eligible to be rated drivers. For policies where there are more drivers than vehicles, the Household Risk Factor is the average of the highest ranked drivers, up to the number of vehicles. The rank is determined using the Developed Driver Factor for BI from highest to lowest (highest factor = highest rank).

[illegible]

The second step of the rate calculation formula is performed for each vehicle on the policy (but in the case of a Named Operator policy is performed once) beginning with the Household Risk Factor as calculated above.

Apply Rate Stability Rule	P23		x	x
Round to nearest whole dollar greater than or equal to the Minimum Premium		RND	RND	RND
Developed Premium				

Total Policy Premium = Sum of Developed Premiums

Note: If a variable amount exceeds the range provided in the factor pages, the factor for the highest range will apply.
x means factor is to be used multiplicatively.
+ means factor or amount is to be added.
- means factor or amount is to be subtracted.
/ means factor or amount is to be used as a divisor.
RND means amount is to be rounded to the nearest dollar greater than or equal to the Minimum Premium

NOTES
* Factor is not applied to Basic policies.
